SUMMARY

Full stack developer with a certificate in full stack development using the MERN stack from UT Austin coding bootcamp. Ready to use my new skills in CSS, JavaScript, Node, and React to create and/or optimize projects with a focus on mobile-first design and development. I've worked in small teams to develop a few projects and can't wait to get into the field and start working with a team to build better web experiences.

TECHNICAL SKILLS

Skills: HTML | CSS | JavaScript | JQuery | React | Node | MySQL | NoSQL | GraphQL | Express | Bootstrap | API | MongoDB

PROJECTS

**Todo Web App | https://github.com/HunterMcGrew/todo-webapp |
https://huntermcgrew.github.io/todo-webapp/**
- Todo Website/Web app
- Made using HTML, CSS, JavaScript, React, and IndexDB.
- Sorting from: All, Active, and Completed
- Night and Dark mode

E-Commerce Backend │ https://github.com/HunterMcGrew/E-Commerce-Back-End
- Back-end for an e-commerce site.
- Express, Node, MySQL, and Sequelize.

**ZoominLife | https://github.com/HunterMcGrew/ZoominLife |
https://huntermcgrew.github.io/ZoominLife/**
- ZoominLife is a mock website created by students with the purpose of learning how to collaborate as a group.
- Since this was a Frontend project I took the role of "flex" and worked on a few sections and helped out with JavaScript and CSS when others needed.
- Made using HTML, CSS, JavaScript, and 3rd Party API's.

EDUCATION

Boot Camp Certificate: University of Texas at Austin

A 24-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, Node.js, MySQL, MongoDB, GraphQL, Express, Handelbars.js, and ReactJS.

EXPERIENCE

Full Stack / Front End Instructional Specialist   2022
edX Boot Camps / 2u   Remote
- Assist instructors with teaching, classroom management, any technical issues, etc
- Assist students with troubleshooting and understanding the curriculum
- Help students develop their passion and confidence for web development
